### Underground Forest

Drops Gaylord, 64-34

The Underground Forest basketball team did it again, by dropping the Gaylord Hawks by the score of 64-34 at the Frederic High School gym in the season's first game. Saturday, November 11th, the team started their regular season, meeting the Petoskey Elks at the Frederic High School gym. This season was rated one of the best in the history of the team, and the 1950-51 season will be one of the best for the starting season here.

Conservation Department fisheries and game men, foresters, and park rangers will join ranks with conservation officers early in November to bolster game law enforcement in northern Michigan before and during this year's deer hunting season. These "plain clothes" officers will accompany officers on patrol and generally assist them in communications, checking "any deer" permits and their kill (above, center), and other duties. Cooks, maintenance men, and others will assist the officers' normal work load and help to step up actual law enforcement by registering hunters at field offices, searching for lost hunters, delivering messages, and recovering illegal kill. Next month's shift in manpower will double the Department's regular conservation officer forces.

## Possible Constitutional Convention Would Face Multitude Of Items

JUST ONE OF THE MULTITUDE of items which would come before a Constitutional Convention, should one eventually be called, is the question of whether the Michigan Legislature should be strengthened.

And if so, how to go about it. The question is worthy of consideration now even though the earliest a Con-Con could be called under present circumstances is next fall. And then only if voters approve proposal three on the Nov. 8 ballot; then vote in favor of a convention at the spring election next year and select delegates at special primary and general elections.

Other issues expected to go before any Con-Con range from four-year terms for the governor and some other state officials to lotteries.

Roughly 20 propositions for proposed change in the Constitution, all aimed at making government smoother, more efficient or cheaper, have been seriously mentioned as subjects which should be considered.

No doubt there are many more. More power for the Legislature might be one item less subject to partisan feeling and more apt to be discussed seriously on its merits than many others.

One chief reason it comes up is this: In the past 50 years the size, power and scope of the Executive, and to a lesser extent, the Judicial, branches of the government have increased enormously. The Legislative branch is still vested with the same power it had originally, the making of laws. Even that has been limited.

Legislative hands are tied by the present constitution when it comes to certain situations. Sizeable funds are earmarked for schools and roads, etc., and authority is delegated to other sources. An outstanding example of the latter regards the Civil Service Commission which can raise wages of state employees regardless of the Legislature's desire.

These are situations the Constitutional Convention would review for possible change.

There is really no effective means for the Legislature to determine if the policies it establishes are producing intended results.

Only in its budgetary function, that is, the approval of money spent to administer the laws it makes, can the Legislature check on the execution of those laws.

One suggestion for strengthening the Legislature calls for creation of a legislative auditor who would conduct performance audits, now handled by the Auditor General.

Some people say the elected Auditor General should be replaced by a similar officer appointed by and responsible to lawmakers.

**VACCINATION CAN PROTECT** a person from contracting influenza in about seven out of ten cases, the State Health Department reports.

Two shots given two to four weeks apart can provide protection for the current season only. Flu epidemics in the winter of 1947-48 and again in 1949-50 demonstrate that influenza can still be a major contributing cause of death, the Department said.

Thousands of flu-associated deaths might have been prevented through vaccination.

## 756 Parents At Open House

A total of 756 parents attended the Grayling Public School open house, Monday, November 13th, from 2:30 to 4:30 in the afternoon, which the school faculty feels is a very good response to their annual invitation, for while the number was actually a bit lower than the previous years, those who came were parents generally interested in the progress of their children.

Co-chairmen of the open house were Mrs. W. J. West and Mrs. Kumpula, who were assisted by Mrs. Emil Giesling, Mrs. Jess Sales, Miss Margaret Douglas and Miss Virginia Kraus on advertising the event.

The open house was a very successful one, with many parents expressing their interest in the progress of their children.

## Beaver Creek Votes Primary Elections

Voters of Beaver Creek Township in the General Election on November 8th voted to nominate their township officers by primary election rather than by party caucus as has been done in the past.

The vote was heavily in favor of the primary election system which received 108 votes to 59 for the caucus method.

## FREDERIC PTA MEETS

The Frederic PTA met November 10th at the Frederic School. After the meeting was called, the school principal, Mrs. Stearns, showed how our tax dollar is raised and how it is spent. It is interesting to note that at present day prices, it takes \$4,200 to put one child through 12 grades of school.

The December meeting of the PTA will be held at Lovells. The next meeting of the Hartwick Pines District M. E. A. will be held December 7th at Frederic and the PTA will serve the dinner.

On November 19th the Under-ground Forest basketball team will play the Petoskey Elks at Frederic. The game proceeds to the PTA library fund. Let's turn out and see the opener.

## Civics Class Poll Close

The vote by students of Grayling High School last week closely followed actual balloting throughout the county and a poll taken by the High School civics class showed the trend in Crawford County correctly.

Students gave the Nixon-Lodge team 199 votes to 75 for Kennedy-Johnson. The remainder of the state officers, congressional and legislative nominees on the Republican ticket held majorities of just about the same with a vote or two difference here and there.

They failed to follow the trend of the election in the House of Representatives, where the Republican ticket held majorities of just about the same with a vote or two difference here and there.

## Goodrich Named All-Conference

Mike Goodrich, Grayling's senior, was named to the Northern Class C All-Conference first team at a meeting held Monday evening at Schlang's Restaurant at Gaylord.

Goodrich, who stands 6 foot, one inch and weighs in at 174 pounds, turned in outstanding games for the last place Vikings. His power on defense coupled with his fine offensive blocking caused the coaches of the conference to select him to the all loop first team.

Steve Sink, senior Viking back who was also of all conference caliber, was given honorable mention. Sink played nearly the entire season under the handicap of a leg injury. Had he been in first class physical condition during the season, he would have undoubtedly been on the first squad.

Teamed with Goodrich on the first team were: ends, Ron Ward of Boyne City and Thomas Moeke of Mancelona; fullback, Bill Sherman of East Jordan and James Groulx of Pellston; the other guard, Paul Bray of Boyne City; center, Fred Moore of Gaylord; backs, Jerry Benson of Mancelona, Sam Supernaw of Charlevoix, Glen Tatham of Boyne City and Harvey Kasuske of Harbor Springs. All are seniors except Ward and Kasuske, who are juniors.

On the second team were: ends, Kraemer, East Jordan and Proctor, Harbor Springs; tackles, Sanders, Mancelona, and Pray, Gaylord; guards, Sherman, East Jordan and Kerbridge of Pellston and Cassidy of Harbor Springs; center, Dickenson of Mancelona; backs, Lauer of Harbor Springs, Johnson of Mancelona and Kujawski and Grubbe of Boyne City. All are seniors except Sherman, Dickinson, Kujawski, Grubbe and Johnson, who are juniors.

Others on the honorable mention list besides Sink were: Merry of Gaylord, DeYoung and Somerville of Charlevoix, Vincent of Boyne City, Kerbridge of Charlevoix, Erickson of Pellston, Sulak of East Jordan, Graham of Harbor Springs, Klien of Mancelona, Murray of East Jordan.

Voting on the all conference squad was held at a meeting at Boyne City on Monday night, November 7. It was attended from Grayling by head football coach Don Ferguson and junior varsity coach, Fred Deane. The all conference was announced this Monday evening at a conference meeting held at Gaylord. Attending from Grayling were Ferguson, Deane, assistant coaches, Bruce Smith and Arthur Thayer, and athletic director Elmer Fenton.

## PTA SQUAD DANCE FRIDAY, NOV. 25th

The Grayling PTA-sponsored square dance will be held on Friday, November 25th, at 8 o'clock in the Grayling High school gym. Miss Phyllis Pearson of Harrison, will provide the music and call the dances.

The dance is being held to help finance the cost of the hearing testing program which the PTA sponsored earlier this year, and a donation of one cent per person is requested. Tickets are available from Mrs. Arthur Carlson, phone DI 8-4088, or at the door. Everyone is welcome.

## Election Watch Night Party

Mr. and Mrs. R. J. Smith had an open house party on election evening at their home. As the evening wore on and the local returns came in, it became evident that Arthur F. Clough's campaign for election as sheriff of Crawford County was going to be successful.

The party then became a victory celebration and all the many people who had worked so faithfully during the campaign and outside the polls on election day were welcomed and entertained with a continuous buffet supper by the hosts and friends and relatives of Mr. Clough.

## Marriage Announced

Mr. and Mrs. Charles Kenyon announce the marriage of their daughter, Judy, to Mr. Gary Mott, son of Mr. and Mrs. Ernest Mott of Midland, on Friday, November 11, at 3:30 in the evening, at the residence of the bride's parents, Mr. and Mrs. Charles Kenyon.

Attending the couple were Judy's uncle and aunt, Mr. and Mrs. Douglas Mott of Midland. Judy is employed at the Fisher Contracting Company in Midland while her husband is with the Continental Can Company there.

The young couple will be making their home on River Road, Midland.

## Need For Used Toys Urgent

There has been almost no response to date, to the request for toys to be brought to the Grayling High School Shop Class for use in the Kiwanis Club Christmas program for needy children. The repairing of toys, a joint Kiwanis and GHS Shop Class project each year, provides many toys for the children which they would not otherwise receive at Christmas time.

The public is urgently requested to sort out their stock of toys, with the exception of dolls which are usually unrepairable, and bring any they can spare to the high school, where the Shop Class will repair them. There is not much time left, however, for this work to be done before the holidays, so take action now!

## Woman's Club To Hold Bake Sale

The Woman's Club will hold a bake sale this Friday, November 18th, starting at 10 a. m. at Burns Hardware store. There will also be cartons of baked beans, chili, etc., for the convenience of hunters and anyone else wishing them. Mrs. Phil Smith and Mrs. Harry Young are co-chairmen.

## Realtors Meet

The November meeting of the Northeastern Michigan Board of Realtors was held at the Seven Acres Hotel just west of Atlanta, Thursday evening, Art Clough, Realtor of Grayling, presided as president. Mr. Charles Holcomb and Mrs. Holcomb also attended the meeting. Nominations for officers for next year were made. Mr. A. B. Cron, Realtor from Alpena, was nominated for president.

After the business meeting, a fine program of slides and a talk on Japan was given by Margaret Seymour of Alpena.

**Church Notice**  
The Mt. Hope Lutheran Church will hold Thanksgiving services at 8:30 a. m., Nov. 24th, the Rev. Elmer Scholte in charge. Everyone is invited to attend.

## Grayling High School Vote Closely Parallels County-Wide Balloting

62 votes to 183 for Harold Hatfield Jr., the Republican nominee.

The other county candidates who were running unopposed received 40 to 43 votes respectively. No votes were cast by any of the students for any of the five splinter parties which appeared on the ballot. On the Non-Partisan ticket, the students gave James R. Breakey Jr. 150 votes to 99 for Theodore Souris. Probate Judge Beulah Neafie received 103 votes.

On these proposed amendments to the State Constitution, the student voters approved one and three but voted down two. One was for the State to back school loans, this won 206 to 50. Proposed to tax the sales tax from three to four cents was defeated 188 to 75. Proposal three to change the method of calling a State Constitutional Convention received 150 to 94 "yes" vote.

The high school civics class carried out a poll among Grayling voters as to preferences on the presidential and gubernatorial races. They came up with the following figures for Nixon 57%; Kennedy, 27%; undecided, 16%. In the governor's race, the figures were: Bagwell, 55%; Swanson, 21%; undecided, 14%. The returns from the county followed closely to this poll.

## Deer Killed By Plane

Robert Tapley was landing his light plane Sunday afternoon at Grayling Air Field, 5:20, just at twilight, when a small herd of deer ran in front of the plane on the runway. The pilot attempted to lift the plane above the deer, but did not have enough airspeed to do so, and wound up hitting a large doe. The plane tipped on its nose from the impact, damaging the propeller.

The deer was hit by the left landing gear strut, and wrapped around the strut, banging up the fuselage, and its skin was pierced so that it stayed with the plane in a 40 foot skid. The deer's weight undoubtedly kept the plane from nosing completely over or from spinning, otherwise damage would have been much greater. Mr. Tapley said it was the plane did not veer more than 5 degrees after hitting the deer.

Conservation officials picked up the deer after Mr. Tapley reported the accident.

## State Police Arrest Pair On Charges

Troopers from the Gaylord State Police last Saturday night on US 27 between Grayling and Frederic.

A car driven by Virgil D. Kolka, 32, of Frederic sideswiped a car at the traffic light at Michigan Avenue and Cedar Street in Grayling, arresting officers said. He then sped off, was later run down by the State Police.

Kolka was charged with drunk driving and a companion, William G. Smith, 31, also of Frederic was charged with being drunk and disorderly. The pair appeared before Justice of the Peace Olin Williamson on Monday and entered pleas of guilty as charged.

Kolka was assessed a fine of \$50 and costs of \$10.20 or 90 days in the county jail. He was still in jail on Tuesday of this week. His operator's license was also taken for three months but Smith paid a fine of \$25 and \$10.20 costs.

## Joseph Cinciala Called To Bay City By Death

Mr. and Mrs. Joseph Cinciala and sons Bobby and David were called to Bay City Monday because of the death of their brother, Carl Cinciala, 47, who died Friday night at Bay-Geoscaphic Hospital after an illness of several months.

Funeral services were held at 9 o'clock Tuesday morning, November 15th, at St. Hyacinth church, of which Carl was a member. Burial was in St. Patrick Cemetery, Bay City.

Mr. Cinciala was with the Red Cross for 14 years. He was last employed at the Louis Grill. Born March 4th, 1913, in Bay City, he was the son of Mr. and Mrs. Carl Cinciala, who survive. Other survivors include his wife, the former Veronica Reznier; two daughters, Carl and Suzanne and a son, Carl III, all at home; two sons, Mrs. Alva Swiss and Mrs. Sylvester Backiewicz, both of Bay City; and his brother Joseph, of Grayling.

The next meeting will be the December-Christmas party on December 6th at the San in Gaylord.

A lunch was served by Mrs. Hilton, Miss Noa, Mrs. Henion and Mrs. Madill.

## Letters To The Editor

November 8, 1960

To the Editor & Readers:  
Those of you who have read  
these columns in the past month,  
and those of you who realize the  
conditions which prevail concern-  
ing the Grayling Sportsmen's  
Club will be very much interested  
in the following facts and fea-  
tures.

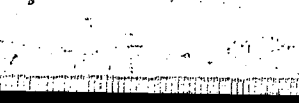

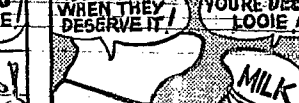

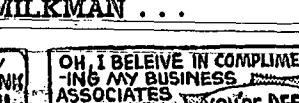

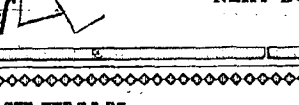

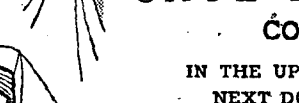

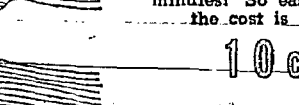

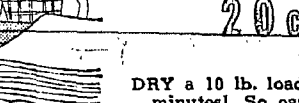

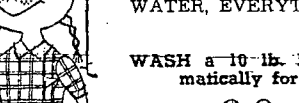

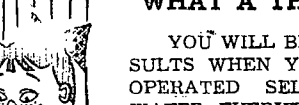

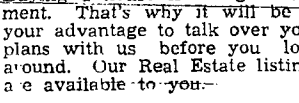

To begin with, this club, which  
is barely held together physically  
and financially by a few spirited  
members, is in need of a presi-  
dent, secretary, and other officers  
because of several good reasons.  
Because of dis-interest, no one  
seems to want to assume the re-  
sponsibility of such positions. No  
one seems to be man enough to  
even so much as step in and show  
so much as a casual interest.

Due to these and other consid-  
erations, it seems the club is not  
only standing still but beginning  
to show signs of disintegration.  
The past presidents and offi-  
cers are not renewing their mem-  
berships because of no attendance  
and disinterest of the mem-  
bership. This is understandable, as  
you would get somewhat fed up  
yourself if you found yourself  
pounding your head against a  
stone wall to no avail.

What this club needs is officers  
who are not connected with other  
community activities and organi-  
zations and can, therefore, devote  
plenty of time and effort to alert-  
ing the membership to the dan-  
gers of stagnation which is now  
the case.

The Wednesday night meeting  
date is, in my opinion, conflicting  
with the bowling interest locally  
and should be changed for several  
reasons.

I believe Grayling should have  
a good active club, which should be  
conservation minded. At this  
time, there is absolutely no con-

servation interest in the club.  
With the exception of the deer  
feeding program, which is in my  
opinion, more harmful than help-  
ful, there is no interest whatsoever.  
Some members are too self cen-  
tered, and would rather spend  
their evenings in some beer-  
garden, trying to convince them-  
selves they are "Sportsmen" of the  
Great Out of Doors, than to actu-  
ally do themselves or their club  
any good.

The business clique in Grayling  
is of absolutely no help to the  
club whatever, except for a minor  
monetary contribution occasional-  
ly.

Actually, the Grayling business-  
men are detrimental to the pur-  
poses of the club, which is sup-  
posed to be the betterment of the  
out-of-doors locally, which in turn  
helps these businesses in various  
ways.

Up to this point, the Chamber  
of Commerce has been purely nega-  
tive in its attitude toward the  
club in many ways.

Most communities are proud of  
their Sportsmen's Clubs and sup-  
port them. Grayling is to be com-  
mended for showing no interest,  
being interested in taking in the  
ultimate amount in dollars to the  
businesses locally, and letting the  
local club shift for itself.

I believe, as do many others,  
that the businessmen of Grayling  
are letting this club down very  
badly. With a little prodding,  
some have stepped in and helped.  
We (the club) do not want your  
money! This club wants your sup-  
port and interest in other ways.

The little hamlet of Frederic  
has a Sportsmen's Club half the  
size of ours, and ten times as  
active. The businessmen support  
the club activities in many ways—  
not only financially, but in sup-  
port.

The businessmen of Grayling  
are interested in one thing and  
one thing only—the almighty dol-  
lar!

This is an unhealthy condition  
and only these particular persons  
can change the situation.

I hope I have made friends of  
all the understanding business-  
men locally. If this letter is blunt  
and to the point, it is no accident.  
Any comments? . . .

Thank you  
Norman Stephan

**Grayling Girl's Letter**  
**Subject Of Editorial**

A letter by Miss Linda Smock,  
daughter of the Don Smocks was  
the subject of an editorial in the  
November 6th Sunday edition of  
the Detroit Times. The article  
was entitled "Linda Tells Us To  
Vote" and was by Times editor  
John Manning.

Following is the text of the  
editorial:

A sweet little maid from school  
is helping grind out today's con-  
tribution. As a matter of fact she  
sparked it. Her name is Linda  
Smock and she lives on County  
Road, Grayling, Mich.

Her collaboration consists of a  
letter to the editor. When it  
reached our desk a couple of days  
ago the studiously neat and round-  
ed handwriting on the envelope  
included an underscored "Person-  
al" down at the bottom.

We realize it is a childish breach  
of trust to publicize a personal  
letter. In this instance we feel  
we are not violating etiquette be-  
cause when we opened it the salu-  
tation was not "Dear Sir," "Dear  
Mr. Editor" or "Dear Mr.," any-  
thing.

It was directed "To the People  
of the United States of America."

"Because I'm only 18 years old  
I won't be able to vote in the 1960  
presidential election.

"But I would like to urge you  
people to do the best job for us.  
Pick him or this item only.  
Don't let religion, wealth or age  
enter into the picture. These is-  
sues are so minor they shouldn't  
have been brought up.

"I have followed the race very  
closely and I think that which-  
ever man you pick he will be the  
greatest President of all times.

"I only wish I was old enough  
to vote in the election of the  
next President of the United  
States.

(Signed) Sincerely Yours,  
LINDA SMOCK

We welcomed this letter for the  
squalid reason that it assisted us  
through the burdensome chore of  
knocking off three pages of double  
space typewritten copy to fill our  
corner.

It captivated us, too, for a more  
worthy reason. We never heard  
of Linda Smock, County road,  
Grayling, Mich., until she wrote  
us. We are positively in our own  
mind though that she is a lovely  
child.

There she stands on tiptoe,  
peeking at maturity. At the age of  
18 she is passing through the  
most romantically cloud-like peri-  
od of life.

No older could blame her a  
bit if her pretty head were filled  
with the sound of music, dreams  
of knight-errant tilting for her  
favor and the compulsion to paint  
the lily of herself with dashing  
perfume and gobs of lipstick.

We hope she does experience  
three dreams—Girls her age de-  
serve them.

But she is obviously a well bal-  
anced youngster. Persons who  
have been in our business as long  
as we acquire a sort of second  
sight into letters. They reveal  
somehow the motives that inspired  
them and the character of the  
letter writers.

We would wager anything that  
Linda from Grayling wrote a  
message "To the People of the  
United States" purely on her own  
initiative. We are sure it was not  
one of those class assignments  
given out by her school teacher.  
It has the ring of originality and  
individual conviction.

We envy Linda's parents. They  
have a fine girl who is an asset  
to the coming generation of Am-  
ericans.

We take this opportunity to

thank Miss Smock for doing our  
work for us.

We owe a vote of thanks also to  
Bishop Emrich. A week ago this  
day his column on this page was  
devoted to the voting obligation  
of our people. It was a penetrat-  
ing refutation of the cynical argu-  
ments you too frequently hear  
that "My vote won't make any  
difference."

"Voting is a privilege enjoyed  
by a minority of the human race.  
Since we have been born in free-  
dom, we are in danger of treat-  
ing it casually, of forgetting the  
great tradition of free men.

"Let each man say his own elec-  
tion prayer in his own way, and  
conscious of his privilege as a  
free man, cast his ballot. Let the  
ballot be laid as a worthy offer-  
ing upon God's altar. The Lord  
of all life, who looks upon the  
heart, wants an honorable ballot,  
and is more concerned with our  
motives than with the party we  
vote."

It was our intention to use this  
space to remind our neighbors of  
their prime duty next Tuesday.  
We have done it so many, many  
times immediately prior to elec-  
tion, that our thoughts were fag-  
ged.

Goodness knows how awkward-  
ly we would have stumbled along  
except for the aid of a man of  
God and a girl of good heart.

## Storm Warnings Go Up . . .

"There seems to be a point beyond which people simply will not be taxed, and when a tax reaches that point it becomes self-defeating."

That statement comes from an article in a magazine published by the Sun Oil Company. It is substantiated by all manner of historical examples. In 18th-century France a tax was placed on fireplaces—so people stopped building fireplaces. In 17th-century Holland a house tax was based on the number and sizes of windows—so windowless houses became the vogue. England's Parliament once imposed a tax on horses—so farmers took to riding cows.

The present outstanding example would seem to be the gasoline tax, which now totals about 50 per cent of the retail value of the fuel—a percentage which isn't borne by even such luxuries as mink coats and diamonds, much less any other absolute necessity. As the article puts the case, "While it is too early to reach any categorical conclusions, we wonder if the storm warnings aren't going up, whether motorists haven't become fed up paying \$3 for \$2 worth of gasoline and whether we aren't now facing the first signs of a consumer revolt which could mean that any further increase in gasoline taxes actually will bring even less revenues."

The signs are certainly there. According to the New York Times, if the trend to smaller cars continues at the present rate, gasoline tax revenues by 1964 will be \$548 million below what they could ordinarily be expected to total. Here's a case of tax extremism in which everyone is the loser.

## A Real Danger . . .

"Too many people today either refuse to recognize or lose sight of the many factors that together make America stronger than ever before. Furthermore, unscrupulous enemies abroad cleverly deny, twist and obscure the facts about our achievements as a nation and as a people."

That was said by Roger M. Blough, Chairman of U. S. Steel, in announcing a program which will report to the people on this nation's growth. It is an old truism that bad news has a habit of getting more attention than good news. So, to quote Mr. Blough again, there is a "real danger of forgetting—if only momentarily—how sound our country really is, how great its accomplishments are and how dynamic its future will be."

No one denies that there are flaws to be found in America and the American economy, and that many problems are yet to be completely solved. But this is to reason for selling the country short—or for allowing us to be blinded to the enormous strides that have been made in bettering the material well-being of our people, and the still greater strides the future promises.

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

November 16, 1937

The report of the dedication of Grayling's new postoffice building wouldn't be complete without details of the day's activities. From the time the parade of over 500 school children, led by Grayling Drum and Bugle Corps, arrived before the reviewing stand until the final closing of the official dedicatory ceremonies, the vast crowd of over 1,000 spectators braved the cold to listen to the program. Royal A. Wright was master of ceremonies and announced the numbers on the program. A fine new American flag was raised to the top of the flagstaff on top of the new building, while the Drum and Bugle Corps sounded reveille. The principal addresses were given by Lt. Gov. Nowicki, State Treasurer Theodore L. Fry, and Hon. James J. Doherty, superintendent of the railway mail service, 6th division, representing Postmaster General James A. Farley. Keys to the new federal building were duly passed over by Engineer H. Roy Whitaker, representing the treasury department at Washington, to Postmaster James McDonnell. The afternoon meeting closed with the singing of the Star Spangled Banner, led by the ladies quartette. In the evening the dedication banquet at the Michelson Memorial Church banquet room. To finish the day, after the banquet, the crowd spent the evening at the school gym, listening to the music of the Melody Makers.

Going through the buildings and over the grounds of Grayling's fine new \$30,000 sewage treatment plant is a very interesting trip, for there is some very intricate mechanism that is needed to operate a plant of this kind. The plant is located on the banks of the Ausable river in the eastern part of town on the former Danish gymnasium location. The firm of Davenport & Watson of Lake City were the building contractors and the city's interests were looked after by City Manager George Granger and the firm of Hayden and Kunze, consulting engineers of Detroit. P. W. A. interests were taken care of by Herman Collins, resident engineer

of Grayling. The project really began on January 18, 1937, through a W. P. A. project, when an interceptor and intercepting sewer was built on Ingham Street near the US-27 highway bridge. This connects with the sanitary sewer on US-27 and diverts all sewage from the river at this point into the new 12 inch intercepting sewer that was built and runs along Ingham Street to State Street, a distance of 1,300 feet. The river was filled in at a point just north of the US-27 bridge, and it is hoped to have a street opened here onto the highway.

Besides the sewage plant, in the past six months there has been a lot of improvement made to City property. The repairing of the streets is one of the big jobs that has been undertaken. At present State Street, which extends from Ionia straight through to highway US-27 is being rebuilt. South of the river bridge the hill has been cut down about two feet, and on the north side the street will be built up about three feet. Six inches of gravel is being placed on the surface, as also on Madison Street on the South Side, Ogemaw and Norway streets on the north side have been rebuilt and six inches of gravel placed on them. Part of Ogemaw Street was cut down or built up in places to make it uniform the entire length. Elm Street, which is being extended, is being graded ready for gravel. A new street to be known as Rose Street has been opened up, that passes west of the Mrs. R. E. Brown home and extends to Ogemaw Street. It is also graded, ready for gravel. At the city office the stairway that led to the basement has been changed and runs from the rear of the fire hall. The city fire department is appreciating the time repairs made to the fire hall of new cement floor, new overhead doors and elevated drying racks for the hose.

Mrs. Edna McEvers and son Roy and Mrs. William Hunter are visiting relatives in Pontiac. Mrs. Adolph Peterson is entertaining her brothers, Bernard Brownwell of Ludington and Fred Brownwell of Lake Leelanau, who are here for hunting.

Charles Corwin reports the killing of two large coyotes Monday by hunters near his farm east of Grayling. These animals have been taking their toll of poultry there for some time past and almost completely wiped out a flock of about 20 guineas belonging to Mr. Corwin.

The home of Mr. and Mrs. Fred Guenther was the scene of a double wedding ceremony last Saturday afternoon, when the twin daughters of Mr. and Mrs. Oscar Kimble, Misses Loraine and Pauline of Maple Forest, became the brides of William E. Fairbotham and Gail Wilcox, respectively. The Rev. F. J. Mills officiated.

James G. DuBols of Vassar was among the hunters here the forepart of the week and took his buck home with him Tuesday. Mrs. A. M. Lewis of Fife is spending this week at her cottage on Lake Margrethe, where she is entertaining a number of guests, some of whom are here for hunting.

Walter Hemmingsen of Highland Park stopped in Grayling Friday and visited his sister, Miss Margrethe, on his way to the Upper Peninsula on a deer

hunting expedition.

Jeff Fogelsonger of Flint enjoyed deer hunting here the first of the week and incidentally took time to renew acquaintances with old friends of some 23 years ago. He left Grayling at that time.

Real nimrods, true followers of good old Dan! Boone, four high school boys went out Monday and knocked over their buck with the greatest of ease, returning to school afterward. The four were Kenneth Peterson, Clayton Anthony, Junior Lovely and Wesley Dunham, and they have a right to be proud of their marksmanship. The rest of the high school hunters weren't so fortunate.

Seven hornets enlivened the scene in the Second Grade room one day last week when they emerged from a nest brought to school by Judge Moore, and although hornets are generally rather actively dangerous, these seemed to be rather stung on finding themselves promoted to Grade Two. The next day four more appeared, and had to be subdued, and on the following day only one put in an appearance. It is hoped that an even dozen will end the whole affair.

48 YEARS AGO

November 19, 1914

L. Christianson Bungeard, the gymnasium teacher, arrived from Omaha, Nebraska, last Friday and gave a lecture at Danebod Hill Sunday evening. There were many in attendance and Mr. Bungeard being a very able speaker, interested the audience concerning gymnastics, dwelling upon their origin at length. The gymnasium which is being erected by the Danish Young People's society is well under way.

Mr. and Mrs. Goetz of Brown City were guests at the home of their son, A. M. Lewis, over Sunday.

Frank Sales is a new delivery man at the R. D. Connine grocery. Carl Johnson and Jake Letzku were in attendance at the Cornell

and U of M football games last Saturday in Ann Arbor.

Mike Ardell has purchased the grocery stock of Peter E. Johnson on the South Side and is continuing the business at the old stand.

Mrs. Harry Fredman returned to her home in Milwaukee last Friday after a several weeks' visit here, visiting her parents, Mr. and Mrs. Hyman Joseph.

Born to Mr. and Mrs. Frank Woodruff, Sr., last week, a baby boy.

The marriage of Mr. Peter Larson and Mrs. A. N. Chamberlain was solemnized on Saturday, November 14th, Rev. Aaron Mitchell officiating.

Misses Maude Tetu and Catherine O'Leary, who graduated as trained nurses from Mercy Hospital last June, left for Detroit Monday morning, where they will write on the state examination at Harper Hospital.

The home of David SanCartier on the South Side was entirely destroyed by fire Monday afternoon, while the old gentleman was down town on business.

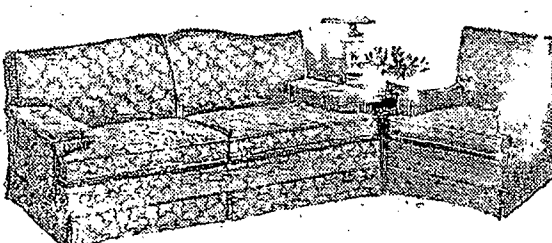

Hans Peterson arrived home from Great Lakes, Illinois, and is visiting his parents, Mr. and Mrs. Hemming Peterson, who live on a farm east of town. Mr. Peterson has been stationed at Great Lakes and is home for just ten days, after which time he will return and sail from Norfolk Harbor and expects to sail on the new vessel, Nevada.

The Grayling Machinery Repair company is moving into new quarters, the John Benson garage building west of the old location. Manager Esbern Hanson says that the firm is looking for a big business in the new six-cylinder Grant car.

Bert DeFain, night boilermaker at the M. C. roundhouse, had the misfortune to fall into one of the pits Monday night, badly bruising his face and breaking his nose.

Miss Hazel Campbell of Newberry is a guest at the home of her sister, Mrs. A. M. Lewis.

## NOW! THE GREATEST SHOW ON WORTH!

Bel Air Sport Coupe. There's up to 2 inches more head room in this trim, new hardtop; more leg room, too—front and rear.

## NEW SIZE YOU-SIZE SIXTY-SEVEN CHEVY

This '61 is built on the principle that the place you want space is inside. We put it there, too. Actually trimmed the outer size to give you extra inches of clearance for parking and maneuvering, and still worked wonders with inner space. Door openings are as much as 6" wider. Seats as much as 14% higher. We've thought of everything. Increased rear foot room by slenderizing the driveshaft tunnel. Worked in sensible new ideas all the way back through that huge bin of a baggage compartment. See how thoughtful this one is! Full of good new things. Full of good old things, too, like Chevrolet's well-known thrift and dependability. See it soon.

Brookwood 9-Passenger Station Wagon. One of 6 for '61. Each features a cavernous cargo opening and new concealed compartment.

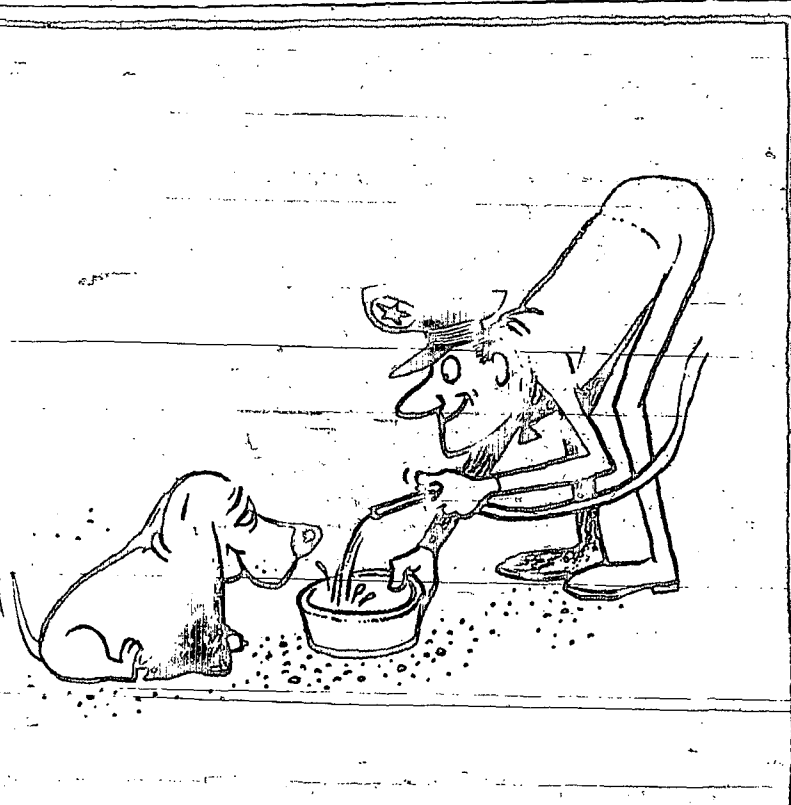

Biscayne A-Door Sedan—with the same sensible design you get in all the likeable '61 Chevies.

For big-car comfort at small-car prices \* \* \* \* \* '61 CHEVY BISCAYNE 6 \* \* \* \* \* The lowest priced full-sized Chevy! \* \* \* \* \* Biscaynes—6 or V8—give you a full measure of Chevrolet quality—yet they're priced down with many cars that give you a lot less! \* \* \* \* \*

en and persons suffering from heart, kidney or lung disease are most susceptible to severe cases of flu, and they are also most likely to die from it.

Unfortunately, reactions from the shots to prevent it are sometimes worse than the flu itself.

The vaccine is made from flu virus which is grown in chick embryos, so persons sensitive to eggs or egg products are the ones who are most likely to suffer a serious reaction to the shots, the Department said.

**PERIODIC REPORTS** from the State Police on Michigan traffic safety continue to show drivers are behaving less safely this year than last.

Provisional figures, which are likely to go up when final reports and delayed deaths are tabulated, show a 1.07 percent increase in the first nine months of 1959. This is 5 per cent more than last year.

Injuries were up 40 per cent, while accidents increased by 6 per cent, State Police said.

The unusual hike in injuries is at least partly attributed to a more comprehensive report form in use since Jan. 1, 1958.

Michigan motorists traveled some 21.1 billion miles in the first eight months of the year, a 4 per cent increase from 1958, but the death rate per 100 million vehicle miles was up 5 per cent.

## The Telephone is still your biggest bargain

Since 1940, the cost of almost everything has gone  
sky-high. Food is up 161%... clothing 95%... housing  
64%. All told, the national average has risen 110%.

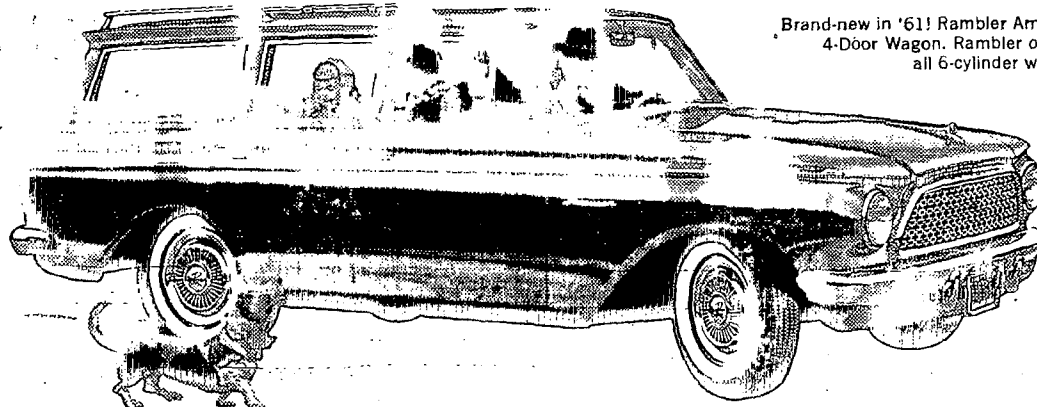

Yet, in the same space of time, the amount you pay for  
telephone service has risen only a few percentage  
points. And the telephone remains the only household  
appliance that is guaranteed for life at no cost to you.

In addition, your telephone company employs local  
people and provides tax money for community growth.  
The telephone is your biggest bargain in more ways  
than one. And we intend to do everything we can to  
keep it that way.

Houghton Lake, Mich.

"Billy The Kid"

All-Star professional wrestling  
comes to Houghton Lake on Sat-  
urday night, November 18th, at  
the Houghton Lake High School.  
Sponsored by the Houghton Lake  
Lions Club, the card will feature  
some of the biggest names in  
wrestling today.

Leaping Larry Chene will take  
on Jim "Brute" Bernard in a  
battle of two modern-day ring  
immortals. This match represents  
the ultimate clash between two  
completely different styles of  
wrestling. Chene, the master of  
lightning-fast, scientific wrestling,  
versus The Brute, perhaps the  
most cruel and cold-blooded com-  
petitor in wrestling.

Chene, almost from his first pro-  
fessional match, has been regard-  
ed as one of the most superbly  
gifted athletes ever to don wrest-  
ling tights. Larry's spectacular  
aerial maneuvers coupled with his  
complete knowledge of wrestling  
fundamentals make him a devast-  
ating and totally unpredictable  
opponent.

Through the years, Chene has  
won more than the respect of the  
fans; he has won their admiration  
and adulation too. Long one of the  
most popular men in sports, Chene  
nevertheless remains as humble  
and unselfish as he was in the  
days before he became a celebrity.

Bernard's career is the com-  
plete opposite of Chene's. A pro-  
fessional at the age of eighteen,  
Bernard learned his wrestling  
lessons the hard way from cal-  
loused veterans who took great  
delight in seeing how many scars  
they could add to the face of a  
young beginner.

Undoubtedly the brutal treat-  
ment which he received as a be-  
ginner has influenced The Brute's  
attitudes today. Although he has  
never won the applause of the  
crowds, Bernard is as feared and  
respected a foe as there is in  
wrestling.

George MacArthur will meet  
All Bey in the other heavyweight  
bout.

Two top midget matmen will  
tangle in another outstanding fea-  
ture.

Students Entertain At Nill Home

A group of St. Mary's students, Bill Gould, Mary Lee Marshall, Kathleen Bourne, David Goss, David Cichala, Mary Kay Duley, Steve LaGrow and Mary Bohner, made a trip to the Nill Boarding home Sunday with Mrs. Paul Gould. Mrs. Larry McNamara and Mrs. Bernard Hall accompanied them. The youngsters put on a square dance as entertainment for the folks. Miss Cathy Stripling played three selections on the horn, accompanied on the piano by Mrs. Ralph Hoffman, and Mrs. Hoffman afterwards played old-time music in which all joined in the singing.

The ladies then served ice cream, cake, coffee and punch. This is a project the St. Mary's Ladies have undertaken once each month, to furnish entertainment for those at the Nill home, which was started six months ago. They have planned a Christmas party next month.

## Citizen's Committee Meeting Held Nov. 7

The November 7 meeting of the Citizen's Committee was held at the Grayling High School Alumni room at 7:45 p. m. Chairman Mrs. Robert Schulze called the meeting to order and read a list of letters that have been proposed for the new grade school. The named locations will be referred to the School Site Committee. Mrs. Schulze also suggested the naming of a vice-chairman. Barney Engel was elected to the office. The possibility of establishing a building site fund was discussed, since the 15 millage debt retirement on the gym will be cut in 1961. The estimated cost of a new grade school building is \$325,000. Considerable interest could be saved if the fund were to be started at that time (1961). No action was taken.

Mr. Stripe explained that a testing program has been started in the 7th, 10th, and 11th grades, to familiarize students with tests such as those being given by the University of Michigan before admission. Plans are to expand the testing program later.

Mrs. Schulze displayed a map she had drawn, showing a tax comparison between privately owned property and state and federal property. On examining the map, Bill Joseph stated that if special assessments, such as school tax, jail, etc., were eliminated, the state and federal properties would be taxed as high as comparable privately-owned property. The next suggestion was for an Equalized Property Valuation. Mrs. Schulze volunteered to be a tax assessor to our next meeting, which will be held on December 5th, or at his convenience.

Laura Konvicka, Acting Sec'y.

It's wonderful to feel cared for

Retirement... and hands, maybe, that once guided a lathe now gently graft the tender shoots. These are serene years mostly. Oh, there's a little anxiety about some things. Health, for instance... and the cost of sudden illness. But those with Blue Cross-Blue Shield share a special feeling of security here, too. They know they have the most dependable hospital-medical care money can buy. For many retired group members under pension plans, coverage and rates can be the same as they were in the working years. Any wonder that Blue Cross-Blue Shield is one of a retired person's most valued possessions? Shouldn't you have it, too?
